CHALLENGES

From special guest instructors to seasonal themes and celebrations, collections provide a variety of fun and engaging programming.

COLLECTIONS

With targeted movements to guide you through the climb, push yourself to new limits with this metric-centric option.

A vibrant, modern climbing gym with a colorful, geometric ceiling and people using climbing machines. The ceiling is composed of a complex, interconnected pattern of triangles and polygons, illuminated with a spectrum of colors including purple, blue, green, yellow, and red. The gym floor is dark, and several large, black climbing machines are arranged in rows. People are seen using these machines, with some standing on platforms and pulling on ropes. The overall atmosphere is energetic and contemporary.

UNMATCHED WORKOUT EXPERIENCE

Large group climbing offers the ultimate workout and shared experience. CLMBR can provide the guidance and tools that you need to successfully open your climbing studio and reach your goals — including training, floor plan configurations, build out suggestions and more.

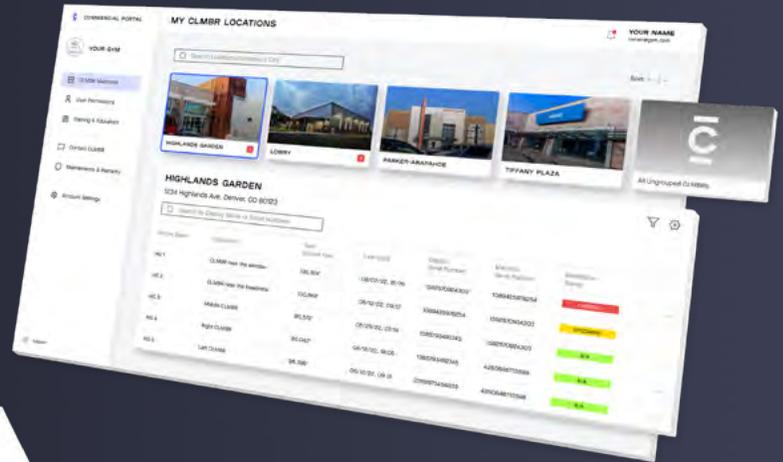

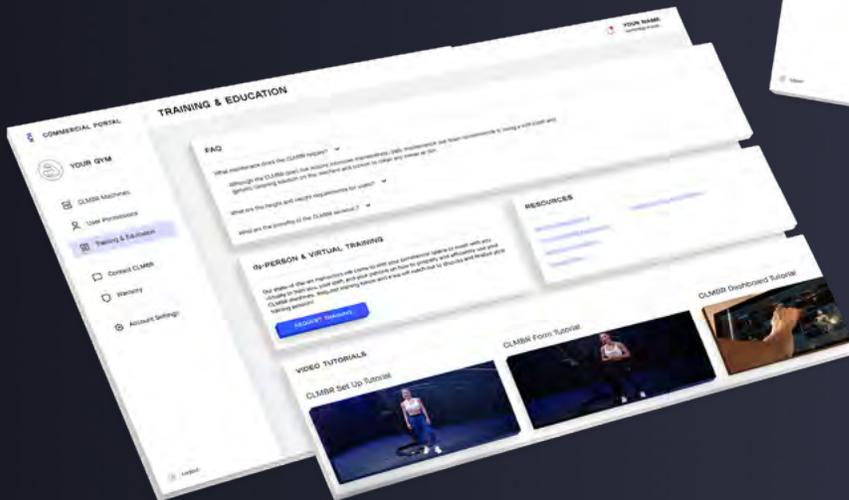

EXPERT ADVICE WITH EVERY STEP

To ensure a seamless integration of CLMBR to your business, we offer a comprehensive scope of services. Curated guidance ranges from consulting to hands-on training. Let us design an approach that's right for you!

COMMERCIAL PORTAL

Your all-in-one online resource that will provide you with the ultimate level of support. Manage all of your CLMBR machines from anywhere and easily track everything from maintenance to warranty claims. Educational and training videos will ensure that you're set up for success, both pre and post delivery.
